The Robins Trophy Competition

Guidance for the Robins Trophy

The purpose of the Robins Trophy is to encourage management committees to improve their sites – tidiness around site, improved cultivation of plots, where plots are vacant evidence of controlling weeds [e.g. strimming], good notice boards with updated information. Plotolders should be willing to ensure their plots are tidy. If you have vacant plots the above will present a more favourable picture for potential tenants

Return this form to Clive Birch **not later than 30th June 2021**
